## Introduction

Kingfisher, as the name suggests, is an agile, flexible, aesthetic and customizable theme that can fuel the website. Its specialty lies in its neat and clean finish, simple navigation yet attractive layout. This theme offers three level mega menu, customizable product list and many more attractive— features to create a professional and highly robust website.

## Benefits of Kingfisher Theme

- Go online with agile and responsive Kingfisher Odoo Ecommerce theme! Options are many, what matter is performance and features!
- Odoo Kingfisher Theme is The Perfect Theme for Ecommerce Stores!
- This feature packed theme is flexible enough to suit your unique needs.
- Easy Installation and Customization services to get a brand-new store effortlessly.
- Multiple snippets for easy customization of the store.
- It is a theme which lets you build and design your ecommerce store as per your needs.
- Make your ecommerce store more appealing by easy configurations.

## Prerequisites

Following points must be followed before starting the plug-in installation:

- You should login as an Admin in Odoo.
- Check that your Odoo Instance is compatible for Kingfisher Theme. An e-commerce module should be present in your instance to use this app.

**Note:** Kingfisher Theme v11's and v12's all new features are not available in v8, v9 and v10.

# Installation & Configuration

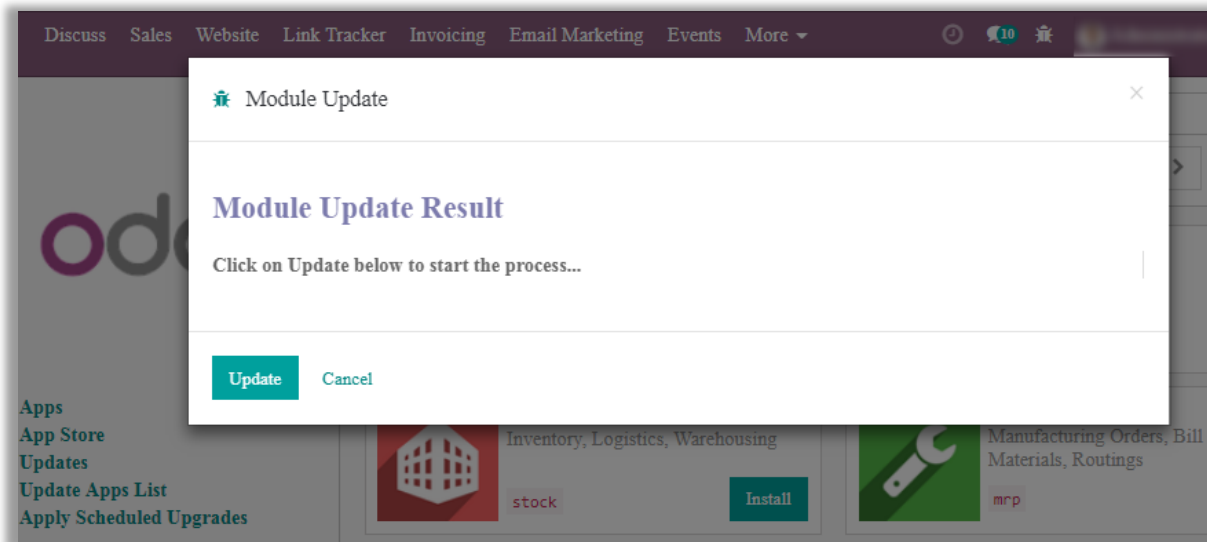

## Installation Steps

- Download & Unzip Kingfisher Theme Folder
- Move kingfisher folder to your Odoo 10 setup path  
Ex. /home/detai/odoo\_demo/odoo/addons
- Open your Odoo 10 copy in any browser.
- Database selection:
  - **For New database**
    - Click on manage databases
    - Click on **'Create'** database (new database )
    - Enter database name, email & password for new database.
    - Click on **'Continue'** button
  - **For existing database**
    - Select existing database. Use default created db: "test\_db\_theme"
- Login with the admin credentials.

- Activate the Developer Mode
  - To activate Developer Mode, Go to **Settings -> Activate the developer mode (with assets)**. Click on **'Activate the developer mode (with assets)'** and developer mode will be activated.

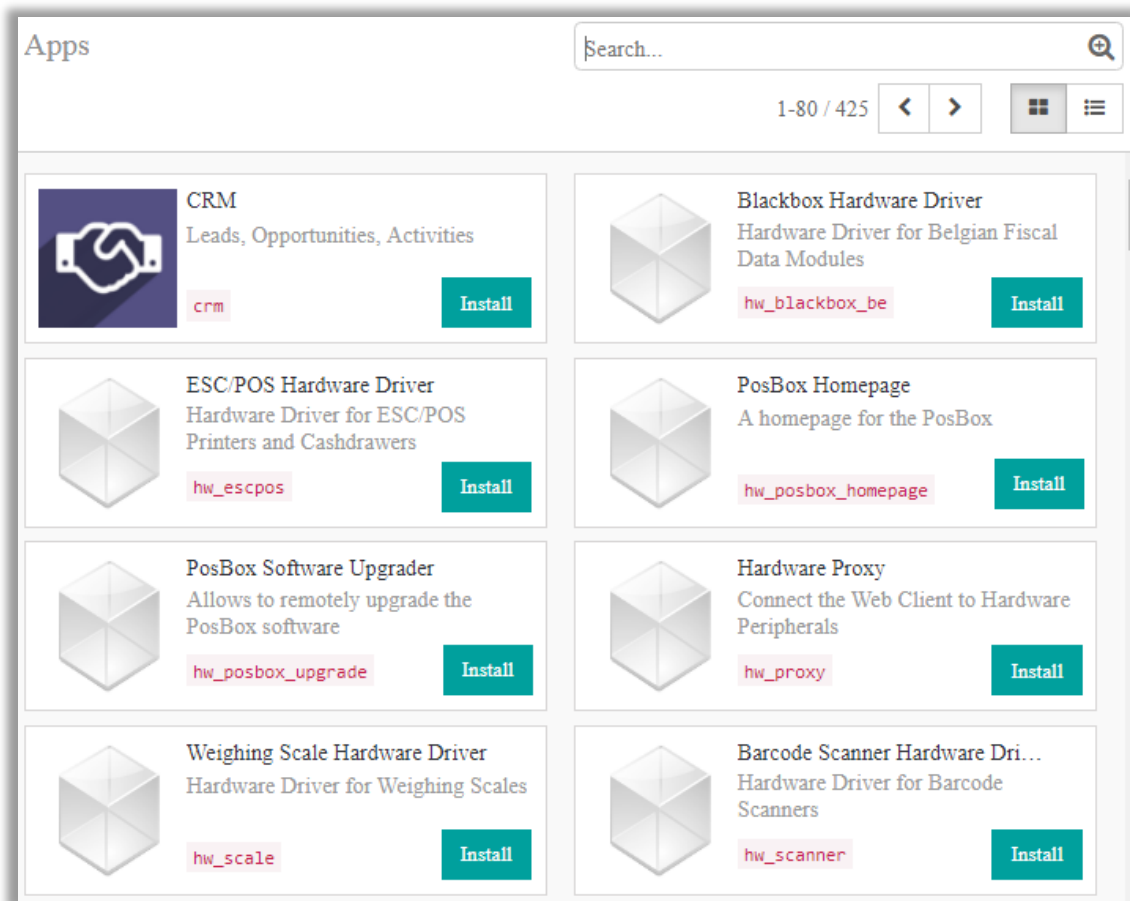

- Go to Apps/Update Module List.
  - Click on **'Update'** button.

## USER MANUAL: Odoo Kingfisher Theme

- Go to Apps/Apps Modules
  - Remove search filter

- Enter module name in the search box provided in the top right corner of the page. For e.g. here write "Kingfisher".
- Click on 'Install' button.

## Access Rights Management

- Now after installing the theme, to manage the access rights of users go to **Settings -> Manage access rights**.
- By clicking on it you will be redirected to the Users module. Thereafter navigate to the detail page of the particular user for which you want to manage the access rights.
- Now under '**Access Rights**' tab from '**Website**' dropdown list select the '**Editor and Designer**' option to let the particular user modify the '**Slider Configurations**', '**Product Tags**' and '**Product Multiple Images**'.

- Add Brand Name, Brand Logo, Brand Cover, Associated Brand Products and Brand Description saving the brand.

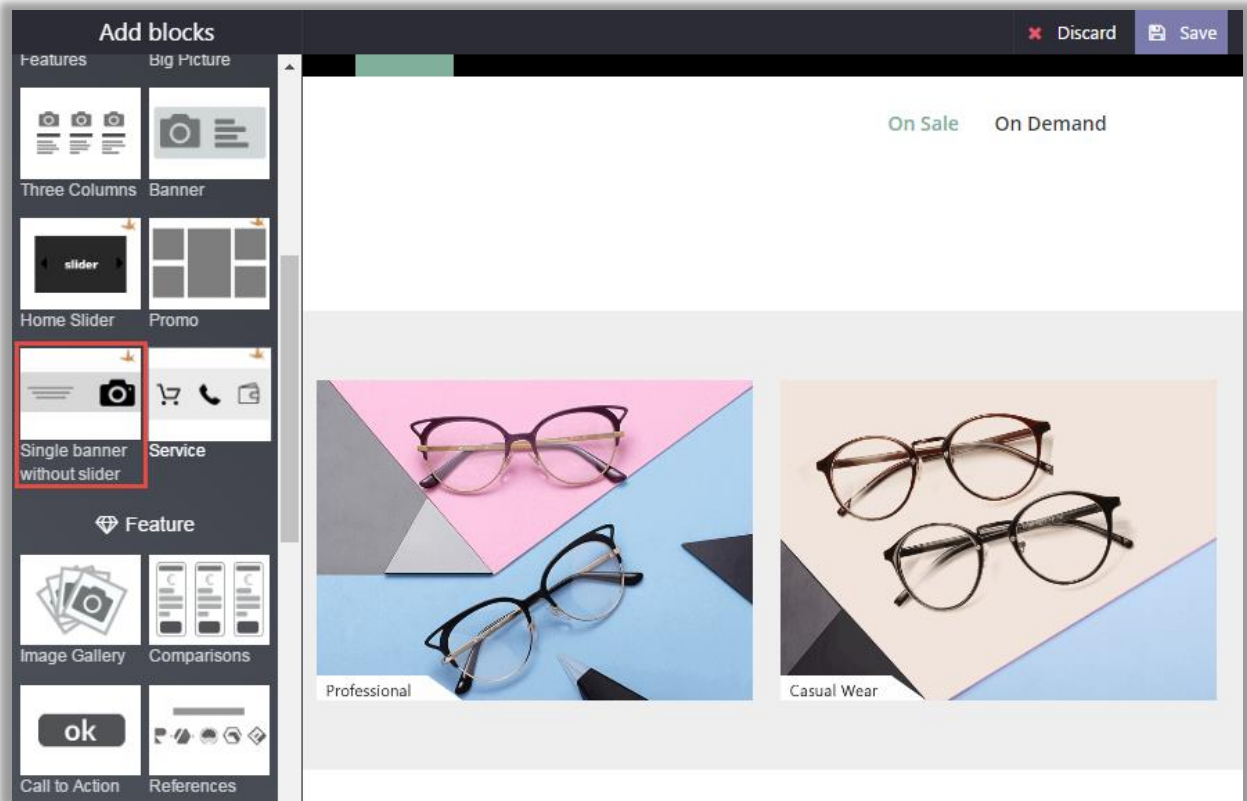

- To associate brand to the products, select any Product and add Brand Name to associate it.

The screenshot displays the Odoo Product Form for 'Animal Print Eyeglass'. The interface includes a header with 'Save' and 'Discard' buttons, and a 'Variant Prices' tab. The main form area shows the product name 'Animal Print Eyeglass' and the brand 'Levis' selected in a dropdown menu. A status bar indicates the product is 'Active', 'Published On Website', has '4 Variants', and '0 Sales'. Below this, there are four checked options: 'Can be Sold', 'Can be Purchased', 'Add Multiple Images?', and 'Add flip image'. A navigation bar at the bottom of the form area includes tabs for 'General Information', 'Sales', 'Variants', 'Invoicing', 'Notes', 'Product Multiple Images', and 'Product Flip Image'. The 'General Information' tab is active, showing 'Product Type' as 'Consumable' and 'Internal Category' as 'All'. The 'Sale Price' is set to '\$ 60.00' and the 'Cost' is '\$ 0.00'. An image of a pair of glasses is visible on the left side of the form.

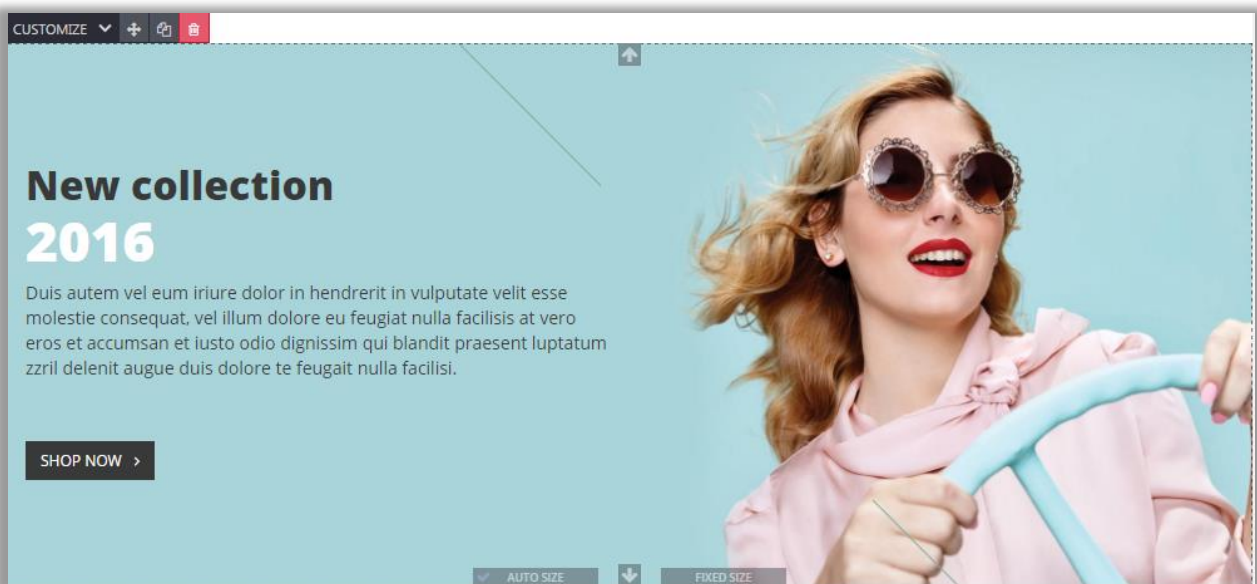

## Single Banner Without Slider Configuration

- Go to **Website -> Edit -> Add Blocks -> Features -> Single banner without slider**. Drag and drop Single Banner without Slider Snippet on the page where you want it.

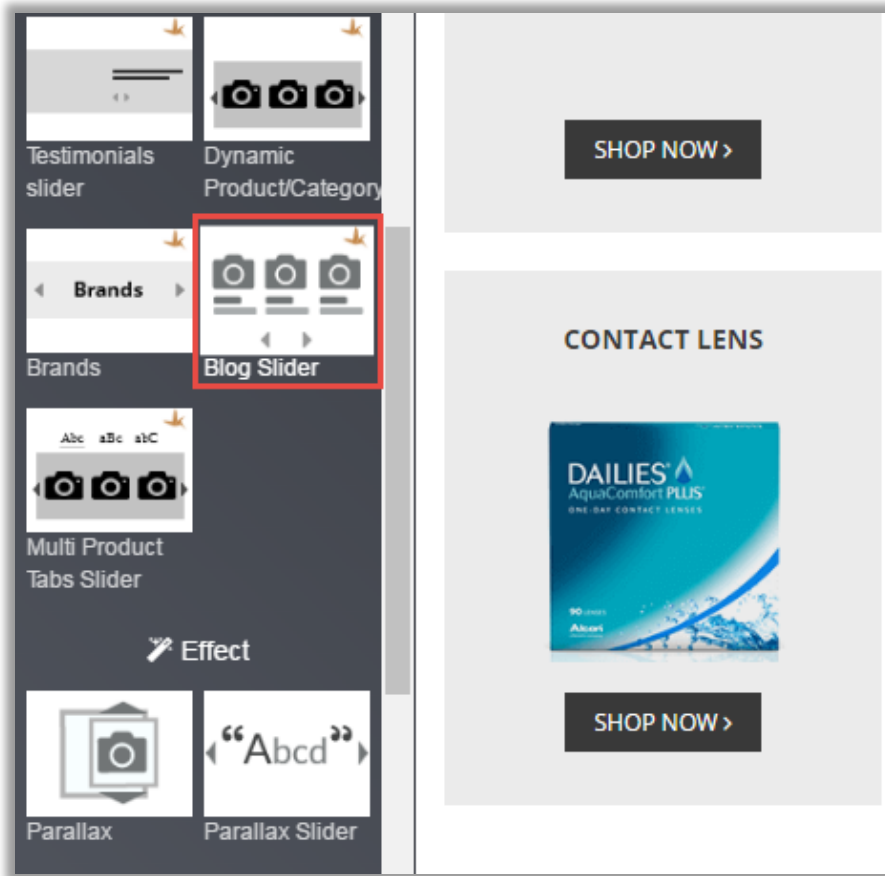

- Click on Image, Text and Button to change it as per your likings.

## Blog Slider Snippet Configuration

- Go to **Website -> Edit -> Add Blocks -> Features -> Blog Slider**. Drag and drop Blog Slider Snippet on the page where you want it.

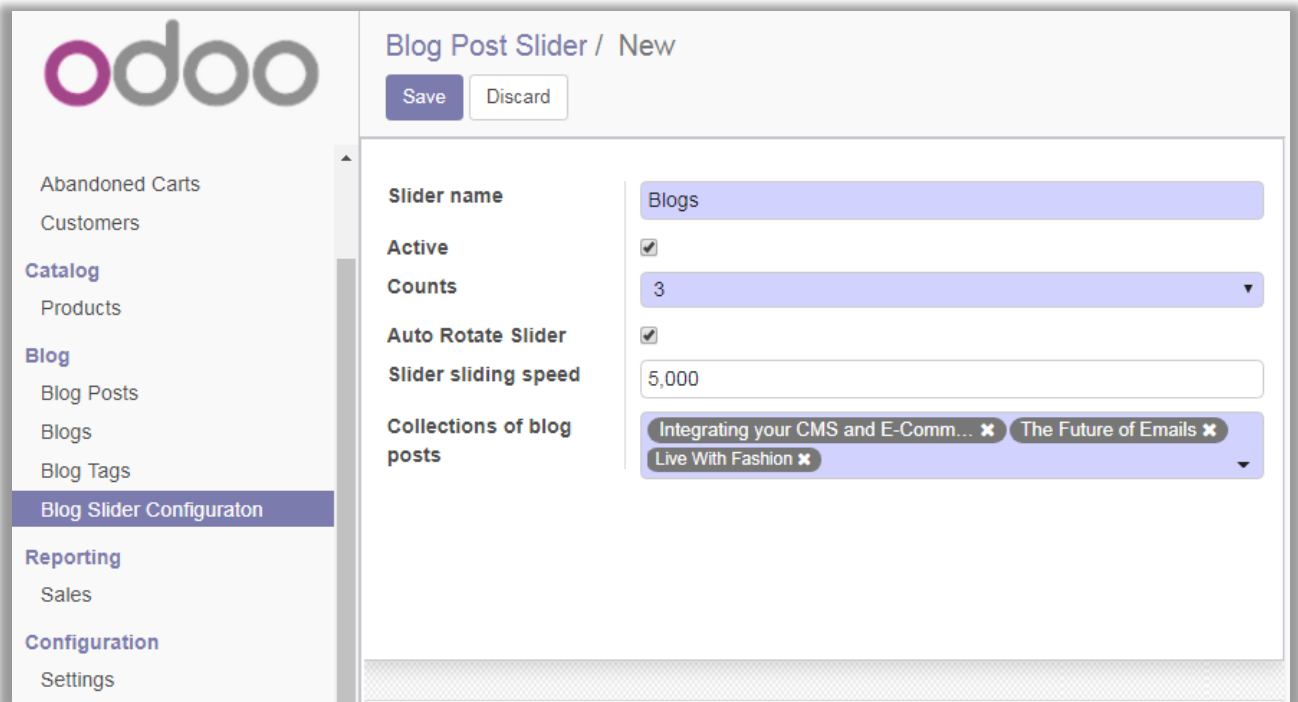

- Select the Type of Blog which you want to display from the menu.
